

# **ENVIRONMENTAL POLICY HIKEANDBIKE TRAVEL AGENCY, GREGOR SILC s.p.**

## **Vision**

At HIKEANDBIKE travel agency, Gregor Silc s.p. we are aware that each and every one of us affects the environment therefore we act with high environmental standards. We aim for social and environmental sustainable business. Our goal is to deliver services that will provide economic growth and environment protection. We believe that our activities with local stakeholders and partners can bring positive contributions to the society where we live and work. We try hard to follow our goals and in our way contribute to a sustainable future with the help of our guests and business partners.

## **Development direction**

With the help of our environmental policy we will:

- follow all valid environmental laws and regulations
- follow our set goals
- continue to educate ourselves to achieve our environmental goals
- encourage our guests to support and cooperate on our efforts to reduce our impacts on the environment

## **Goals**

To achieve our environmental goals in 2023 we will:

- reduce the use of motorised vehicles on our tours for 5% compared to previous years by offering tours that can be done by bike, on foot or with the use of public transport
- continue to inform and encourage our guests to come to our area by public transport (bus, train) and inform them about the soft mobility options that are available to them in our area
- we will use biodegradable products for cleaning and maintaining our equipment (bikes)
- we will inform our guests on the tours about the green solutions in everyday life

- we will put special attention on sensitive environment protection as most of our tours are done in the protected area of the Triglav National Park
